

## POSTPONEMENT: FREQUENTLY ASKED QUESTIONS

Dear colleagues,

As we have decided to **postpone the conferences to March/April 2021**, many of you will have questions. Please find below already some answers to frequently asked questions. If you cannot find answers to your questions, please do not hesitate to write us an email.

### ► FEES: I have already payed the fees. What to do?

- We will refund already paid fees. Please contact us for details (email).

### ► REGISTRATION: I've already registered. What is happening to this entry?

- We will empty our list of registered people and start the registration procedure anew in October 2020. Please have a look at our new registration deadlines.

### ► ABSTRACTS: What happens with my abstract? Do I have to resubmit?

- We will keep all received abstracts unless you actively withdraw yours. If you have submitted an abstract but are not able to attend anymore, please write us an email and we will delete it from our list.
- At a later stage we will contact you again to be able to correct and update abstracts, and to check the order of authors.

### ► PROGRAMME: How will the new programme look like?

- We intend to keep as much as possible of the original programme but will adapt it in case changes are necessary.
- Unfortunately, the mountain excursions will have to be adapted according to the weather conditions and the snow situation next winter. Snow can last for a long time also in spring, or even come back until May, please check our webpage regularly for updates.

Best wishes and stay safe and healthy,

*Julia, Alexa, Michael and Pascal*

*Organizing Committee*
